

Notepad Cover & Card One Sheet Wonder Template

Make 3 notepad covers & 3 cards out of ONE sheet of 12x12 paper! Cut your paper into three 4" strips to begin.

Notepad Cover

Base: 8" x 11" card stock; score at 5-1/16", 5-5/16" (this is one little tick past 5-1/4") & 10-3/8"

Base Pocket: 3-1/2" x 8" – use 1-1/2" Circle Punch to punch out a notch BEFORE taping

Designer Series Paper cover piece: 4" x 7"

Mat for Designer Series Paper: 4-1/4" x 7-1/4"

1. Fold on the score lines and make sure the base of the cover fits around your notepad.
2. Add a strip of Tear & Tape adhesive along the side edge of your base pocket piece on the opposite side of the punched out half circle. Adhere to the tab of the scored base piece.
3. Add Tear & Tape adhesive along the top & bottom edges of the base pocket piece and tape down to create pocket.
4. Add notebook to inside of cover using a strip of Tear & Tape adhesive on the top & bottom of the back of the pad.
5. Tape 3/4" x 5" piece of Designer Series Paper to top of notepad.
6. Tape the Designer Series Paper cover piece to mat and adhere to front of cover. I like simple, but you can embellish the cover to your heart's desire!
